Md.Najmul Hasan

MERN Stack Developer | Frontend & Python/Django Developer

Dhaka, Bangladesh | 01826101550 | info.najmul1234@gmail.com

GitHub | LinkedIn | Portfolio Demo

Professional Summary

Computer Science and Engineering graduate with training in MERN Stack Development and internship experience in Python/Django web development and data science. Knowledgeable in frontend development, responsive web design, data processing, Power BI, and AI tools, with an academic foundation in Data Science and Machine Learning. Eager to contribute to real-world software projects by developing scalable, high-quality web applications and applying modern web technologies.

Technical Skills

Frontend Development: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Responsive Web Design, Flexbox, CSS Grid, DOM Manipulation, React Components, Props, State Management, React Hooks, Form Validation.

MERN Stack Development: MongoDB, Express.js, React.js, Node.js, RESTful APIs, Full-Stack Web Application Development.

Python Backend Development: Python, Django, Django REST Framework (DRF), URL Routing, Models, Views, Templates, Django ORM, CRUD Operations, Serializers, HTTP Methods, Authentication Fundamentals.

Database Management: MongoDB, SQLite, PostgreSQL Fundamentals, Database Relationships, CRUD Operations, Data Handling.

Data Science and Analytics: NumPy, Pandas, Data Cleaning, Exploratory Data Analysis (EDA), Power BI, Data Visualization, Matplotlib, Seaborn, Basic Statistics, Machine Learning Fundamentals.

Tools and Technologies: Git, GitHub, Visual Studio Code (VS Code), npm, Vite, pip, Python Virtual Environments, Postman, Chrome DevTools.

Internship Experience

Python/Django Intern *March 2024 – June 2024*

Nimusoft ltd

- Developed and maintained backend RESTful APIs and feature updates using Python and Django.
- Collaborated with senior developers to integrate frontend components and optimize database queries.
- Assisted in bug fixing, code testing, and content management for active client projects.

Data Science Intern *November 2023 – February 2024*

NextTech Limited

- Cleaned, structured, and preprocessed raw datasets using Pandas and NumPy for analytical models.
- Designed interactive Power BI dashboards and visualizations to extract business insights.
- Utilized AI tools and exploratory data analysis (EDA) techniques to streamline data workflows.

Projects

InsightFlow – Business Analytics Dashboard

- Developed an interactive dashboard to present key performance indicators (KPIs) and business insights.
- Designed responsive UI components and data visualizations for business reporting.

ShopSphere – E-commerce Web Application

- Built an e-commerce application featuring product browsing, product details, and shopping workflows.
- Implemented dynamic state management and reusable UI components for a smooth user experience.

FlowTask – Project Management Application

- Created an application for task organization, priority management, and project progress tracking.
- Designed a clean user interface with dynamic task status updates.

LeadPilot – CRM and Sales Management System

- Developed a CRM interface for managing customer information, leads, and sales workflows.
- Structured customer data presentation and supported organized workflow management.

CareerBridge – Job Portal

- Designed a job portal to connect job seekers with relevant employment opportunities.
- Implemented job search and filtering interfaces to improve navigation and usability.

Education

B.Sc. in Computer Science and Engineering *2024*
Green University of Bangladesh, Purbachal, Dhaka, Bangladesh
Focus Area:Machine Learning

Higher Secondary Certificate (HSC) – Science *2019*
Mohammadpur Government College, Dhaka, Bangladesh
EIIN:132162

Secondary School Certificate (SSC) – Science *2016*
Atarkhali Secondary School, Bhandaria, Pirojpur, Barishal, Bangladesh
EIIN:102617

Certifications & Training

MERN Stack Development
Daffodil International Professional Training Institute (DIPTI) *Completed*

Full-Stack Web Development with Python, Django & React
Ostad *Completed*
